# SAILING PARADISE

## The Caribbean of Europe

Sardinia is the Mecca for sailors. Days without wind are an exception and therefore this is a perfect destination for your next sailing holiday. Because of the cooling wind it is not too warm but pleasant. Sardinia should be on your bucket list.

Supping, kite surfing, snorkling, but also hiking are many popular activities in Sardinia.

Turquoise blue anchorages between many islands in the Maddalena archipelago where you can anchor for a lunch stop or spend the night.

Or discover 1 of the trendy towns where you can relax with a drink on a terrace, stroll along the harbour and enjoy Italian cooking and wine.
